

ABOUT THE SWEDISH MANDOLIN FESTIVAL

The festival is based on joy with music and friendship. This is typical of our musicians. No prestige and a wonderful enthusiastic audience meet us in Sweden. That's why it's so fun to play in here.

REGISTRATION

You do not need to formally register right now. It goes well a little later. However, you should make a preliminary booking, as soon as possible, and we will keep your place for participation in the festival until you say something else. The deadline for registration is 30 January 2025.

CANCELLATION

If there are too few orchestras registered on January 30, 2025, we will unfortunately have to cancel the entire festival.
